Plan for Improvement

Action 1:

Investigate alternate, but productive, forms of punishment to use instead of withholding recess.

Action 2:

Investigate alternative breakfast solutions and/or grab-and-go breakfast options that would ensure that every student has a meal to start their educational day.

Action 3:

Research the possibilities to partner with local health providers that would provide our students with school-based health services.

Action 4:

Continue to work our our pest control service to prevent and exterminate any outbreaks of pests that could be harmful to our students or staff.

Action 5:

We need to buy healthier snacks / meal options for staff members who have to attend on-campus professional development or required attendance meetings.
